

Basic Computer Skills

(5 Points)

Create a personal home page on Weebly as following:

1. (1 point) Click [my referral](#) and create a new web site. (*don't send me an old weebly site*)
2. (1 point) Create a page includes a short biography about you.
3. (1 point) Create another page with 2 sub-pages
 - a. First sub-page includes the contents we studied in this course
 - b. Second sub-page includes advantages and disadvantages of this course.
4. (2 points) Beautiful design, and extra pages (e.g. assignments solutions).
5. If you're joining (Programming for WWW) course, add another page with two subpages for that course as described in point 3.

Your personal page should look as following.

Submit the link of your home page to the following email: sallam.ah@gmail.com

Deadline: 23 December
