

Web Design & Implementation

Assignment 7

Due: Next Section. (*one day before if you submit by email*)

Notes: This assignment is individual assignment, every student should complete it by himself.

(10 points) Using HTML, CSS, jQuery UI. Create a 'Match Shapes' game, in this game the player should be able to drag and drop div elements of different colors and shapes. If a dragged element match another target element in shape and color, both will vanish as soon as the user drop and the score increased by 1.

Notes:

1. Number of elements appeared should not exceed 20.
2. Elements are colored with basic colors only (Red, Blue, Green, Yellow, and Black).
